

Electric scissor lifts are versatile and efficient machines well suited for increasing productivity on the job. Excellent operator controls, compact dimensions and a mobile design make this model ideal for big outdoor as well as specially limited indoor jobs.

- Driveable at full height for added productivity in high rise spaces
- Front-wheel drive and zero inside turning radius for excellent manoeuvrability in tight spaces and narrow aisles
- Compact dimensions allow the GS-4047 to easily pass through standard double doors
- Proportional controls for lift and drive functions
